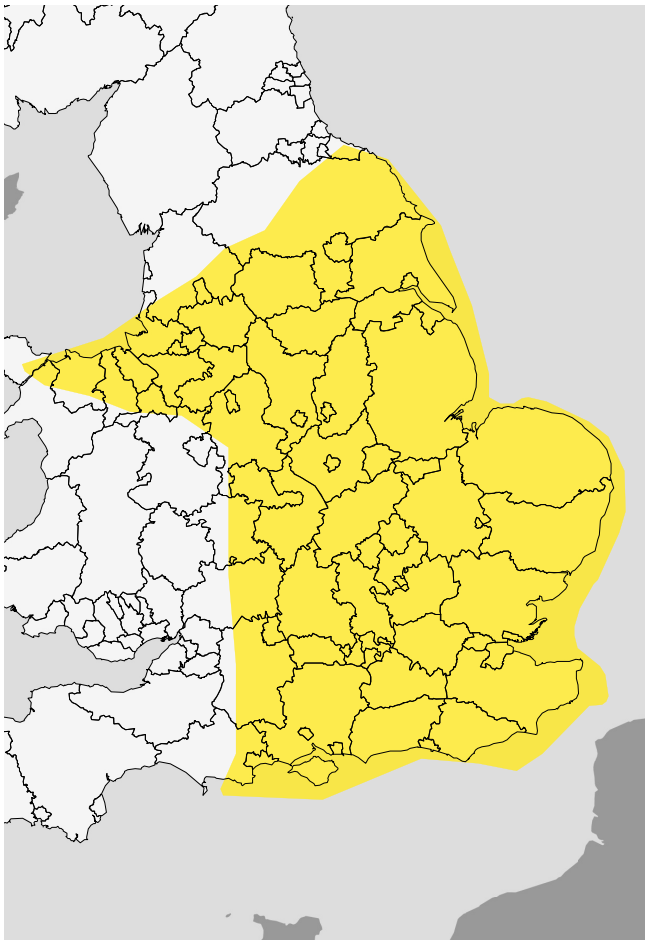
Yellow warning
Rain

Between
15:00 Mon 15 Jul 2024 and
09:00 Tue 16 Jul 2024



Heavy rain leading to a risk of localised flooding.

What to expect

- Spray and flooding could lead to difficult driving conditions and some road closures
- Where flooding occurs, there is a slight chance of delays or cancellations to train and bus services
- There is a slight chance of power cuts and loss of other services to some homes and businesses
- There is a small chance that homes and businesses could be flooded, causing damage to some buildings

Further details

Outbreaks of rain, heavy at times with a risk of thunder, are expected to develop later on Monday afternoon then move northwards through the evening and overnight. 15 to 20 mm rain may fall in less than an hour, with a few places seeing up to 40 mm in 2 hours but perhaps more widely within a longer period overnight. Where this occurs, there is the chance of some flooding and disruption.

What should I do?

Check if your property could be at risk of flooding.

Very low likelihood of medium impacts

15:00 Mon 15 Jul 2024 and
09:00 Tue 16 Jul 2024

Further Details (continued)

If so, consider preparing a flood plan and an emergency flood kit.

Give yourself the best chance of avoiding delays by checking road conditions if driving, or bus and train timetables, amending your travel plans if necessary.

People cope better with power cuts when they have prepared for them in advance. It's easy to do; consider gathering torches and batteries, a mobile phone power pack and other essential items.

Be prepared for weather warnings to change quickly: when a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.
